

- Self erecting
- 350 KNm torque
- Modular machine

Technical specifications	
Standard leader length	25 meter
Maximum leader length	29 meter
Horizontal slide stroke	1.200 mm
Leader stroke	3.000 mm
Operating weight	95 ton
Transport weight without counter weight	85 ton
Diesel engine	CAT C18 (Stage V)
Power diesel engine	563 kW (765 pk)
Fuel tank	1.500 liter
Total counter weight	10.000 kg
Transport width	3.200 mm
Working width	4.900 mm
Undercarriage length	5.700 mm
Standard track shoe width	900 mm
Hydraulic	
Maximum hydraulic flow	1.349 liter
Maximum oil pressure	350 bar
Maximum drilling torque	350 kNm
Hydraulic tank	750 liter
Hydraulic components	Rexroth
Winches	
Main winch 1	100 ton pull-up
Main winch 2	40 ton pull down
Auxiliary winch	8 ton
Service winch	3 ton
Manlift winch	0.8 ton
Auger drilling	
Maximum auger diameter	600 mm
Maximum auger length	26 meter
Maximum pile length	25 meter

* Depends on leader configuration.
